Champion and Carmangay To Each Have Two Miss Canadas

v—v—v

Champion and Carmangay will each have two Miss Canadas for the purpose of extending the sale of War Savings Stamps in the district. This was decided at a meeting of the War Finance Committee of Champion and Carmangay at a meeting held Wednesday evening.

The girls selected will be provided with stylish red, white and blue uniforms and it will be their duty to attend all the functions in the district and sell War Savings Stamps. All the cities and most of the towns are following the request of the Government and appointing one or two Miss Canadas.

In Champion and Carmangay, the girls will be selected by popular vote. From Saturday, August 22 to Saturday, midnight, August 29 the contest will be open. Every person buying a stamp or stamps during that time will be given a blank ballot entitling them to ten votes for each stamp purchased. On this ballot they will write the name of the girl they are pulling for to be Miss Canada. At the end of each day the results of the ballots will be posted in a conspicuous place in the town and the standing of all contestants will be shown. When the contest closes the two girls receiving the greatest number of votes in Champion, and the two girls receiving the greatest number of votes in Carmangay will be declared elected to represent each town.

Anybody wishing any further information on the contest should get in touch with Joe McKie, of Carmangay or Stanley Orris, of Champion, or any member of the War Finance Committee of either town.

NUMBER 82

Minutes of Muni. Council

The regular monthly meeting of the Municipal Council was held August 6, with all members present with the exception of Councillor Hopkins.

W. J. Ellis was unanimously elected Deputy Reeve for the second half of the year.

It was decided that the Secretary was to send a letter to all serious tax delinquents, stating that if substantial reductions were not made, steps would be taken to secure title to such land affected.

It was decided by Council that C. Rhodes be appointed a committee to co-operate with the Unemployment Commission and the Secretary-Treasurers' Association in the matter of farm labor surveys, and that the farmers of the district make known their requirements for harvest help to the Municipal Office.

The Municipal Inspector's report of his visit to the office was presented by Reeve Griffin. The report was accepted as very satisfactory.

The Council decided to petition the Canadian Wheat Board to increase the first quota for the district to 10 bushels. A survey of available storage space in the elevators of the district reveals that such a quota could be comfortably handled.

Repairs were ordered to be made to bins for storage of Municipal owned grain.

Mrs. A. Chaproniere returned to town Monday after spending a couple of weeks in Calgary.

THE FARMER IS AT WAR

In tiny hamlet and thriving village over the whole of Western Canada the heavy hand of war is being felt in ever increasing weight. Time was when the rural districts were looked upon as a haven of peace and quiet, untouched by the bustling turmoil of the business of waging war. It was often charged that country districts were not alive to necessity of action like the city districts were.

The very nature of this war has changed all that. Man for man, dollar for dollar, woman for woman and stitch for stitch the rural districts are more than doing their share in war contribution. One has only to look to the records of Champion, Carmangay and Barons and the thousands of other small rural towns to see the immensity of their war effort. Hardly a young man left in the districts; Victory Loans greatly oversubscribed; thousands of peices of Red Cross work shipped to war fronts. In simple words, every demand more than met, and a willingness and eagerness to meet any further demands that might be made.

Farming is a family business, and the economy of many farms is based upon the fact that there are many strong young backs and muscles, to do the sewing and harvesting. The great majority of these young backs are

Income Tax is Fair to All

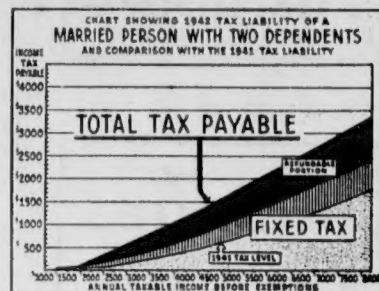

In the fourth year of war, Canada will need almost four billion dollars. This is the equivalent of nearly \$350 from every man, woman and child in the country.

Even with the highest income tax in history, 52% only of the money Canada needs will be raised by taxation. The rest will have to be borrowed by means of War Savings Stamps, Certificates and Victory Bonds.

Starting with the first pay period in September representing September earnings only, your employer is required by law to deduct your income tax from your wages or salary, and send it promptly to the Government. Everybody will pay his share as he goes along.

It's going to be tough . . . but not too tough! Here are some good features:

1. You will pay as you earn, so that you will not be faced with a large lump sum payment next year.
2. The National Defence Tax already deducted during the first 8 months of this year has been taken into account in the Table of Tax Deductions.
3. Though the income tax rates show a sharp increase over last year, a large portion of this increase is actually savings, to be paid back to you with interest after the war.
4. The money you are paying for life insurance premiums, annuities, principal repayments on your home, or into a pension fund may be deducted (up to a certain maximum) from the savings portion of your income tax. In many cases this may be sufficient to make payment of the savings portion of the tax unnecessary.

Unless you are single, without dependents, and not making payments of the types mentioned in paragraph 4 above, you should file Form TD-1 with your employer. Otherwise, you may not be allowed the credits to which you are entitled. DO NOT DELAY. File Form TD-1 with your employer at once so that you may get the full allowances from the start.

The Chronicle Tobacco Fund

This fund is for the purpose of sending cigarettes regularly to the boys of the district serving overseas in Canada's forces.

It is planned to send 300 cigarettes each month to each boy.

Money will be collected by voluntary donations made direct to the Chronicle which will be acknowledged in the paper, and through receptacles to be placed in all places of business.

Every cent of money collected will go directly for purchase of cigarettes as the Chronicle is assuming all expenses in connection with the fund.

The local I.O.D.E. chapter has kindly consented to administer the fund, that is, they will handle all monies, book-keeping and ordering.

Donations, distribution and expenditures will be published regularly in the columns of this paper.

No donation is too small to help in this work. Won't you plan to help see that our boys get enough smokes?

The farm is a war factory just as the steel mill is a war factory. But the farmer has no priority rating; he just has to carry on as well as he possibly can. And he isn't squawking any more than usual. The farmer knows there is a war on; he knows it is hitting him pretty hard; he is doing his share.
